

There's a better
future in store

WEALD GRANARY LTD

Weald Granary

Newsletter: June 2012

The last knockings... We have received almost all of the commitment forms for the 2012 harvest. If you are yet to send it in please contact the store or bring the commitment form with you to the members day.

City & Guilds award

Working with Openfield and EFPF our staff will now undertake training and assessments to gain an industry qualification in the storage of combinable crops. This award will set the standards for plant, weighbridge and lab operation throughout the industry in the UK.

Please continue to follow us on twitter; we will be "tweeting" throughout the harvest with store updates and information.

To access our page please go to www.twitter.com/WealdGranaryLtd

Moisture Meter Clinic & Members Day

Wed 20th June 10am to 3pm

Once again we will be hosting a moisture meter clinic at the Store for all our members. This year the clinic will be combined with the member's day to allow the members to have a look around the store and see the latest developments. Refreshments will be provided and throughout the day members will be able to:

- Collect your member gate sign
- Order and purchase Weald Granary clothing
- Test and calibrate your moisture meter

SGM - We are pleased to announce that all of the proposals put forward by the board were passed at the SGM. Members votes were taken at the meeting as well as a number received through proxy. Thank you.

Drier refurbishment – Drier's 1 and 2 are currently undergoing a refurbishment, this work will allow the driers to run more efficiently and effectively, we are replacing a number of the original components, most of which have been on service for 25 years. Here is a picture of the work in progress.
